

## **The 'Entries to Bolton' Prayer Walking Initiative**

Dear All,

Over the past few weeks the Thy Kingdom Come Bolton Prayer Team have discussed prayer walking over all the roads at the entry points to Bolton and plan to do this throughout February.

If you would like to join with them in praying into and over these roads, and railway stations, that would be fantastic.

This can be done in various ways

1. You could be at home and pray over the specific roads in the list below.
2. You could drive to a specific junction, stay in your car and pray.
3. You could arrange to meet someone at a specific junction and, observing social distancing regulations, pray with them.
4. You could drive to a specific junction and, observing the green cross code! walk across road.
5. You could pray even if you drive down these roads' (eyes open please!).

The number of junctions you want to pray over is up to you.

The team will be starting to prayer walk/drive from Thursday, 4<sup>th</sup> Feb at 11am till 1pm and again on Friday at the same times. They will be doing this over the rest of February on the same days and times.

If you cannot make either Thursday or Friday that's fine, any day will do.

If you would like to join in with this prayer walking initiative, and when you have decided which roads you would like to pray over, could you please let me, Dave Hardman, know so I can cross it off the list. You can do this via email or on the prayer group WhatsApp.

This does not need to be done all at once but rather seeking God as to what to pray over each entry point
